- Melissa Doherty
- Machteld Faas
- Xander (formerly MFX Partners)
- KW Pregnancy Clinic
- Potters House
- Firkin at the Tannery
- Miele Gallery by Goemans
- St. John's Music

Vision

The Vision for the Tannery has come to fruition! It's been a while since our last issue. So much has happened. The Event Centre is continually buzzing with activity, Google Canada has joined us, and you can now enjoy fresh pizza, a haircut, or a great coffee during the day and into the evening. Construction is now substantially complete with only minor finishing touches remaining.

The Firkin pub is open and looks fantastic. It is located beside the Event Centre and they welcome you to enjoy a drink on the patio now that the weather is cooperating.

We are very pleased to announce that Google, Communitech and Desire2Learn are all in the process of expanding their premises at the Tannery.

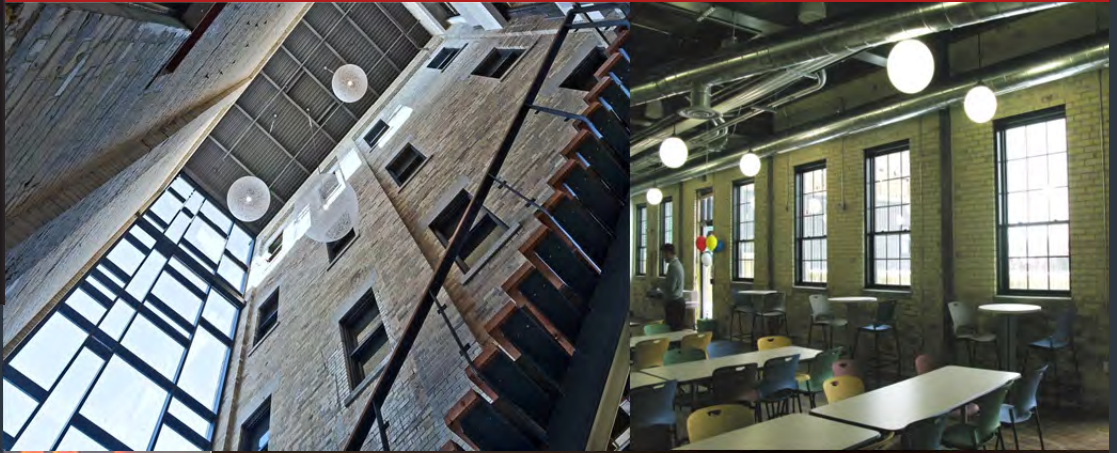

News you can use

We wanted to take this opportunity to remind you that a full service pharmacy is located at the Tannery on the corner of Francis and Charles.

The Tannery District is now on Twitter. Please follow [@tannerydistrict](https://twitter.com/tannerydistrict) for up to date information about tenants and Tannery news!
