

Website

We are in the process of designing the Tannery website. We would like to feature the businesses that operate here. Kindly forward your company information to 416-449-9887. If you need another copy of the form, please drop us a note at info@thetannery.ca or ask Chris.

Security

Security is now on site. Please do your part by making sure your door is locked when you leave.

Parking

Parking tags have now been distributed to all tenants. Kindly use the Joseph St. parking lot.

Clean up P.1

In the news P.1

Upcoming Developments P.2

Clean up has begun

We have begun phase I of the Tannery development. Environmental remediation is nearly complete along Joseph Street. The internal courtyard is in the process of being cleaned up.

The demolition is currently being tendered and work will begin this month. The removal of the self-storage facility at Charles and Victoria will have a significant impact on the look of the project and will signal to the community that we are well underway in revitalizing the Tannery.

We are retaining the beams from the storage facility and will be reusing them throughout the project. Outside walls of the facility will also be retained, although reduced significantly. They will frame what will become our parking lot and provide a historic connection from the buildings to the street.

We are taking full measures to reduce the disruption to the ongoing operation of the businesses at the Tannery. Please be aware of the construction taking place on site and proceed with caution.

Tannery in the news

Local boxing champion Fitz "The Whip" Vanderpool was featured in The Record last month after relocating to his new space at The Tannery. ***"Vanderpool, a Kitchener native and former super welterweight world champion, wants to attract more women to his gym."***

Ongoing changes at the Tannery were also featured in The Record along with a photo of our own Chris Barfoot. The article featured the changes we are planning and the time line to complete them. Existing businesses and new uses were also discussed.
