Vision Unfolding

It is the beginning of a new year and a good time to reflect on all the changes in 2008. We are grateful for the support our tenants and community have given us. We continue to work on bringing The Tannery vision to life. The next phase of development will be at 121 Charles - with a new entrance, renovated lobby, and new way finding system. Lobbies on the 2nd and 3rd floors will also be updated and additional bathrooms added. There are

also many improvements going on behind the scenes with a new mechanical and electrical system being implemented. This will provide additional capacity to accommodate the new high tech users moving into the complex.

We thank you for your patience and understanding as we continue to renovate and rejuvenate.

News you can Use

The Digital Media Convergence Centre received federal funding approval in January. An application was submitted by Communitech to locate this new Centre in downtown Kitchener. The Tannery was one of the corporate members that were part of the application. We congratulate Communitech on this success and look forward to developing the Centre with them at The Tannery.

The Downtown Business Association would like to remind us that people working and living downtown are entitled to use the **Downtown Card** to enjoy discounts in downtown Kitchener.

To learn more about the card please visit www.kitchenerdowntown.com and click on The Downtown Card (left hand navigation) or click [here](#).
