

Parking

The Joseph Street property has now been cleaned up and more parking spots created. New Tannery parking tags will be distributed to all tenants in the next two weeks. Parking along Joseph is being reserved for visitors.

Security

Nightly security is now on site. Please do your part by making sure your door is locked when you leave.

New Tenants

We would like to welcome Baby Depot, Cell X, and Roland Ross to the Tannery.

Upcoming Developments **P.2**

The Tannery Vision Unveiled

The Vision for the Tannery District was unveiled at City Hall on May 26th.

We hope to transform the existing buildings into a convergence district - a place where existing tenants will interact with new users from the high tech and life sciences sectors. We would like to create a place where people can share ideas and feed off one another's innovation.

The building will offer a mix of corporate and social space, with new restaurants and retail uses, landscaped courtyards, and office

space that caters to the creative industries, fitness, emerging technologies, financial and health sciences industries growing in Kitchener's downtown.

The floor plans will be open, with exposed brick walls and wood ceilings, which will preserve and pay tribute to the building's heritage.

The private courtyard will be designed to accommodate outdoor festivals, as well as the people in the building who are looking to enjoy some leisure time in the fresh air.
